

Year 5 Autumn 2021 Theme: NORTH/SOUTH DIVIDE

We will be exploring the physical and human characteristics of the USA, including the ways that people are divided by economic factors, race and education.

The journey will begin with our Stunning Start day where we will make artistic maps of the USA using a range of resources, and explore the history of the USA.

We are changing the way we showcase our themes, so pop back at the end of Autumn term to see our end-of-theme celebration work.
