

Year 1 Summer 2024

Theme is Live Life and Play & Wonderful Weather

Suggested Home Learning

It would be great if you could visit the **Childhood Museum** in Bethnal Green with your child and talk about the toys from the past. How have they changed? Which toys are old and which toys are modern? Which toys did parents play with?
Keep a weather diary and make a weather vane with recycled material.

Trips/Visitors

Animal Wildlife will be visiting Cranbrook in the Summer term. Children will get a fantastic opportunity to get up close to many different species. They will learn if the animals are carnivores, herbivores or omnivores.

Stunning Start

We will be having a teddy bears' picnic on Friday 19th April. So please send your child with their favourite teddy or doll and a plate of food to eat and share.

Vocabulary

teddy bear, timeline, logo, significant person, timeline, chronology, weather UK seasons

Marvellous Middle

The children will have a selection Lego toys and wooden blocks to play with. Also, children will be making some fun toys from the past like paper spinners.

Fantastic Finish

The children will be creating their own toy museum in school with recycled cardboard boxes.
